

# Protect Your Data ...And Delete It!

## Apple iPhone 4S

To reset your device and delete all data, follow these step by step instructions.

### Select/Press

- **Menu**
- **Settings**
- **General**
- **Reset**
- **Erase All Content and Settings**
- **Erase iPhone**
- **Erase iPhone**

The device will turn off and restart, it is important not to switch off the device during reset. Make sure that the device has enough battery life to complete the reset and restart process.
